To The Christian People Of Mansfield, Mo.

Dear brothers and sisters, Christ has commanded us to pray and ask of God our needed blessings, and by obedience we are promised the Lord will not forsake us. Yes he said he would be with us until the end of time in this life, but we have a cross to bear, to be worthy of all divine blessings. He has taught us not to forget the assembling of ourselves together as some do, therefore it is necessary to work together for good and the upbuilding of God's kingdom, and we do feel that in a prayer meeting we can be a light to many, and as we have had a union prayer meeting for some months, we desire to see it prosper, and at Bro. Robertson's revival last year, many of us promised him we would not let the good work die, will do all the good we could, in our Sunday School and prayer meeting. Let us not forget the covenant we made with Bro. Robertson, and as Mansfield has taken a delight in the progress of many other things of a different nature let us, as a praying community of Mansfield, be delighted in the progress of the spirit of Christ among our friends and associates of this community. Therefore let us demonstrate this by coming out to the different prayer meetings and working together for the upbuilding of God's cause. Spiritually yours,

H. M. Norcross.
P. S. Remember that the regular appointment for prayer meeting will be at the church, on Wednesday night, following the place where preaching is held the Sunday before.

More Action.

In the absence of Marshal Strong and Constable Atkinson Wednesday night, the Mayor and Justice of the Peace appointed Mack Davis and Daunt Rippee special officers, to look after some suspicious looking characters who were in or passing through Mansfield. After considerable watching and questioning, it was decided to take in charge the persons of Joe Olds, a Mr. Ferrell and a woman who gave her name as Grace Ferrell. It was later learned that Olds was wanted in Mtn. Grove on a charge; and charges were preferred against the Ferrell's, and they are being held in the Hartville jail for investigation. It developed early Thursday morning that according to information and pictures in the possession of Sheriff Crewse and Marshal Strong, the woman filled very accurately the description of a woman wanted in Knoxville, Tenn., on a charge for a crime. Officers who took her in charge say she had on her person some "dope" and an instrument for administering a hypodermic.

Officers Make Raid.

The officers of Wright and Douglas Counties, Sheriff Crewse and his deputies, Joe Dennis, and John Pryor; Sheriff Givans and a deputy, and Marshal Strong and Constable Atkinson, of Mansfield, made a raid last Wednesday night, down in the hills of Douglas County, on the head of Tarbutton creek, and succeeded in finding about three barrels of mash where still had been operated for several days. The still had been removed a few hours previous and it was not located, but the officers found plainly where it had been entrenched in a canyon back in the hill side. They also found near there evidence of where a still had been operated some months ago. While suspicion and evidence is strong on some certain parties, no arrests have been made. It seemed that guards among the moon shiners gave signal by gun shots which enabled the operators to make their get-away and elude the officers and there by escape arrest for being "caught with the goods". While no one was caught in this raid, it is nevertheless great victory of law and order and for prohibition enforcement.
